

Stroud Camera Club Data Privacy Policy

In order to run Stroud Camera Club we hold a small amount of information about our members, and other interested parties.

This enables us to manage the Club and specifically to disseminate relevant information by email and Bulletins, and to arrange club and inter-club competitions where we associate a photo and the photographer's name, etc.

Stroud Camera Club will not pass this information to external parties for any reason, other than to other Camera Clubs for the purposes of organising external competitions between our clubs, where a minimum of information is required by the external club, subject in turn to their observance of the Data Protection Act 2018.
